

**INTERNATIONAL
BUILDING SPECIFIERS CONFERENCE 2019
BUILDING & CONSTRUCTION FOR
DEVELOPING COUNTRIES**

25th JUNE 2019
Hotel Yak & Yeti , Kathmandu

ORGANIZERS:

NEPAL'S LARGEST & MOST SUCCESSFUL CONFERENCE ON ARCHITECTURE, BUILDING, CONSTRUCTION, DESIGN AND ENGINEERING.

The Building Specifiers conference is a series of conferences which highlight the role and importance of Building Specifications and all the subjects related to standards in a building, related to the material or its application.

After back to back outstandingly successful conferences in Sri Lanka for the past seven years, Futurex Conferences' (a division of The Futurex Group of Companies) in collaboration with Media Space Solutions, Nepal, Launched the first Building Specifiers Conference in Nepal. Recovering from recent devastation and calamity, the construction industry of Nepal was exponentially booming and we believed that building specifications are the need of the hour. The conference provided an open discussion platform to the architects, engineers, and the related industry professionals and educated them about the need and importance of specifications in a building and how to merge sustainable architecture and urban design in the lines of specifications.

With the overwhelming response received by the conference in 2018, it gives us immense pleasure to announce the Building Specifiers Conference 2019 to be held in June 2019 at Hotel Yak & Yeti, Kathmandu, Nepal.

THE PREVIOUS EDITION WAS SUPPORTED BY:

- Nepal Engineer's Association
- Society of Nepalese Architects
- Society of Consulting Architectural & Engineering Firms
- Federation of Contractor's Association of Nepal
- Nepal Land & Housing Developer's Association
- Regional and Urban Planner's So of Nepal
- Federation of Furniture and Furnishing Entrepreneurs Association
- Nepal Plywood Manufacturer's Association
- Federation of Heavy Equipment Entrepreneurs Association of Nepal
