**28th November 2017
GRAND BALL ROOM, HILTON, COLOMBO,
SRI LANKA**

Main Sponsors:

INDUSTRY EXPERTS AND LEADERS

"The building specifiers concerns will help the nation to build beautiful and smart buildings which will cost effective, quality oriented, faster and sustainable."

Hon. Minister Champika Ranawaka, Minister for Mega Polis & Western Development

"As a conglomerate, which is involved in the hotel and real estate development, enhancing the value of such properties through excellent workmanship, technology and quality product offerings, for customer satisfaction, is imperative for significant value creation of the project. Getting the right ambience should be complemented by the right look and feel of things which is as important as architectural genius. Upgrading industry expertise and using technological advances are essential to modernize the nation and I am glad that such a conference will increase the aggregate knowledge of the industry and help reduce costs and optimise on construction resources."

Mr. Ashok Pathirage, Chairman/Managing Director Softlogic

"It's a great effort to bring Building specifiers together it will increase the awareness of specification and quality in the Architectural and construction industry."

Past president Archt. Prof Chitra Weddikkara, Dean Colombo School of Construction Technology

"I am sure the building specifier's conference will enhance the value system of Building and it will improve the quality and efficiency of the construction industry."

Deshabandu Archt. Surath Wickaramsinghe, President Chamber of Construction Industry

"When specifiers of the building is not specifying the product he/she leaves the chances to other to play on the price band and then the cheapest of the product wins. A good building has to be appropriately specified."

Vidiyajothi Archt. Prof Lakshman Alwis, Chairman Design Consortium Ltd

"The Hardest part of the building is to arrive at a consistent specification and much of the buildings essence is the specification. It is important to have a Building specifiers conference! For our industry."

**Archt. Harsha Fernando President ,
Sri Lanka Institute of Architect**

"When an architect dreams about the building and do not specify what he wants to use in it...he leaves the dream in other's hands. Specification are the wings of the dream."

Archt. Prof. Lalith De Silva, Past president and Dean of the Faculty of Architecture University of Moratuwa

"It is indeed timely, in current context, greater attention is paid to the specifications of construction projects. The projects are now complex, with much sophistications in every aspect and to achieve a quality end product, the specifications has to be innovative and precise."

Mihindu Keerthiratne, Chairman / Managing Director, Mihindu Keerthiratne Associates Ltd.

"Regulatory Specifications are of utmost importance to maintain Health, Safety and Sustainability of all building materials and components.

The quality of the end product will depend on the specifications of its separate components."

Prof. Lal Balasuriya

"SriLanka is looking forward for Building specifiers conference as this is the need of the Hour."

Major Nissanka Wijeratna, CEO, Chamber of Construction Industry

"Indeed it's a great idea to have a conference of building specifiers, I am sure it will increase the knowledge & quality consciousness in building industry and surely will address the concerns of cost Management through specification."

Major, Eng. Ranjith Gunathilaka, Chairman Sanken Construction Pvt Ltd

"Futuristic aspects on finishes & facades relevant to building industry."

Mr. Rohan Tudawe, Chairman/Managing Director, Tudawe Brothers (Pvt.) Ltd.

"A product is as good as the specifications of its components. Learn more at the specifiers conference."

Mr. Vajira Nagodavithana, Director, International Construction Consortium (Pvt) Ltd

"Project Managers nightmare is to have "ambiguous specifications" of a Project. This will hamper the management for cost, quality and time of a Project."

Mr. Srimantha Kaushal Fernando, Project Director, Administrative Cities, Ministry of Megapolis & Western Development
